## - [Fill out by exchange student] CA Student Self-evaluation Sheet and Exchange Survey

### ● Introduction of CAMPUS Asia Program

### ● Competency of the program Admission Policy

### ● CAMPUS Asia Program Self-Evaluation Sheet

### Questions (A,B,C,D or N/A):

- As an overall experience, how satisfied were you with the CAMPUS Asia Program?
- How satisfied were you with the lectures and the subjects during the CAMPUS Asia Program?
- How satisfied were you with the onsite visit schedules?
- How satisfied were you with the laboratory work and group activity in the host department ?
- How satisfied were you with the laboratory work and group activity in the host department ?
- How satisfied were you with the dormitory and other facilities?
- How satisfied were you with the support of CAMPUS Asia office in your home university?
- How satisfied were you with the support of CAMPUS Asia office in receiving (host) university?
- Before exchange do you have basic knowledge on aging or concern for age-related health problems?
- After exchange, do you feel you gain knowledge on ageing-related health issues and researches for solving these issues?

#### 2018 CAMPUS Asia Program

#### Self-evaluation Sheet and Exchange Survey

[Fill out by exchange student]

##### Introduction of CAMPUS Asia Program

The CAMPUS Asia Program aims to raise leaders in medical science and public health to solve global health problems, such as non-communicable disease, dementia and other age-related diseases. This program attempt to provide the opportunities for students to deepen their interests of research and widen their capacity of problem solving through accomplishing their planned research and study program at host university. Students will be expected to obtain the sense of ethics, harmony and comprehensiveness, and flexible ways of thinking as well as logical thinking. After successfully fulfilling the requirements of each institution, students will be provided certificates of the program based on the rules of the host (receiving) university. This program is cooperatively established by Osaka University Graduate School of Medicine with the partner universities in Korea and China.

##### Competency of the program

1. To obtain knowledge and skills in the medical science and public health field to solve global health problems and challenges.
2. To obtain basic and advanced knowledge about global aging and age-related diseases including non-communicable diseases, dementia and other disease.
3. To obtain ability and skills for the critical analysis.
4. To obtain ability of problem solving.
5. To obtain ability and skills of communication with team members and other counterparts.
6. To obtain ability to build academic partnership and trustworthy relationship.
7. To obtain ability of research promotion and to pass along the benefits of the research to the fields and community.
8. To obtain sense of research ethics and act with respects to the moral understanding.

##### Admission Policy

Based on Osaka University CAMPUS Asia Admission Policies, in order to nurture personnel suited to its education objectives, the program is looking for individuals who:

- \* have an undergraduate level of knowledge necessary for conducting research in medicine and life science or master's or higher levels of knowledge and skills in a specialized area.
- \* meet the knowledge requirements and aim to contribute to the development of world level medicine, medical care, and life science in the future.
- \* possess English proficiency capable of reading, writing and communicating with faculty and other members for accomplishing the program.
- \* promote cooperation among exchange students through CAMPUS Asia alumni association, and help to build academic network.
- \* have an excellent sense of purpose of research and a sense of ethics necessary for conducting medical research.

#### CAMPUS Asia Program Self-Evaluation Sheet

- Name: \_\_\_\_\_
- Home University: \_\_\_\_\_
- Department/Major: \_\_\_\_\_
- Period of Stay: MM/DD/YYYY ~ MM/DD/YYYY
- Length of Stay: \_\_\_\_\_ weeks
- Receiving (Host) University / Department / Major: \_\_\_\_\_

In the following part, we would like to ask you evaluate your experience and give us feedbacks for the CAMPUS Asia Program.

①Please choose 1 answer and circle most appropriate to describe your feeling from A to D, to evaluate CAMPUS Asia program based on your own experience. (A. Very Satisfied / B. Satisfied / C. Dissatisfied / D. Very Dissatisfied / N/A. Not applicable).

②Please describe what made you choose your selection, and describe your suggestions or if any to improve the CAMPUS Asia program in the space below each question.

1. ①As an overall experience, how satisfied were you with the CAMPUS Asia Program?
- A. B. C. D.

②

2. ①How satisfied were you with the lectures and the subjects during the CAMPUS Asia Program?

A. B. C. D. N/A.

②

3. ①How satisfied were you with the onsite visit schedules (if any)?

A. B. C. D. N/A.

②

# The Expand of Synergy Effects- Lab Rotation

## Aiming

Cultivate problem-solving medical research global leaders with logical thinking ability and flexible thinking ability

## In 2018

The system for promoting joint research among universities and inner university had been expanded.

## Next step In 2019

To achieve further promotion on international joint research and collaborative courses, Osaka University has endeavor to develop CA rotation program which contains basic, clinical and social medicine to promote research and educational activities in multiple collaborative courses.

 Graduate School of Medicine, Osaka University

**Double-Degree Program Doctoral Course Division of Medicine  
 Application Guidance**

**Introduction of CAMPUS Asia Double-Degree Program**

The CAMPUS Asia Double-Degree Program (DDP) aims to raise leaders in medical science and public health to solve global health problems, such as non-communicable disease, dementia and other age-related diseases. This program provides students with the opportunity to obtain simultaneously two Ph.D. degrees (each granted by one university), after accomplishing study and research at both universities and successfully fulfilling the requirements of each institution. This program is cooperatively established by Osaka University Graduate School of Medicine with the partner universities in Korea and China. Students will obtain the sense of ethics, harmony and comprehensiveness, and flexible ways of thinking as well as logical thinking.

**Admission Policy**

Based on Osaka University's Admission Policies, in order to nurture personnel suited to its education objectives, the Graduate School of Medicine is looking for individuals who:

- \* meet the knowledge requirements noted below and aim to contribute to the development of world medicine, medical care, and life science.
- \* aim to secure quality of healthy life for the local community as medical professionals.
- \* hope to assist in nurturing excellent personnel responsible for the next generation.

The doctor's course welcomes persons possessing these qualities:

- \* possess English proficiency capable of reading theses written by western researchers and writing theses in English.
- \* have an undergraduate level of knowledge necessary for conducting research in medicine and life science as well as a master's course or higher level of basic knowledge in a specialized area.
- \* have an excellent sense of purpose and a sense of ethics necessary for conducting medical research.

**1. Admission Schedule**

Number to be Admitted	A few students	A few students
Application Period	Jun. 4 (Tues), 2019 – Jun. 10 (Mon), 2019	Sept. 24 (Tues), 2019 – Sept. 30 (Mon), 2019
	□ Any application materials arriving after the application deadline will not be accepted.	
Submission Address	Graduate School of Medicine Osaka University CAMPUS Asia Office, 2-2 Yamadaoka, Suita, Osaka 565-0871 JAPAN	
Announcement of Successful Candidates	Aug. 5 (Mon), 2019	Dec. 16 (Mon), 2019

**2. Application Eligibility**

Individuals who received recommendation from home university, and meet each of the following criteria are eligible to apply for Doctoral Course.

Application Eligibility	October Admission	April Admission
① Individuals who have completed or expect to complete 18 years of formal education overseas before the date shown on the right.	30 <sup>th</sup> Sep. 2019	31 <sup>st</sup> Mar. 2020
② Individuals who have received or expect to receive their master's degree in Japan before the date shown on the right.	30 <sup>th</sup> Sep. 2019	31 <sup>st</sup> Mar. 2020
③ Before the date shown on the right, Individuals who have received or expect to receive the equivalent of a bachelor's degree through the completion of coursework which requires five (5) or more years of study at an overseas university or school (limited to schools evaluated by organizations that are certified by overseas governments, or relevant agencies, on the comprehensive progress of their education and research, or schools which are designated separately by the Minister of MEXT).	30 <sup>th</sup> Sep. 2019	31 <sup>st</sup> Mar. 2020
④ Individuals who are at least 24-years of age before the date shown on the right, can be recognized, by passing a qualifying review conducted by Osaka University Graduate School of Medicine, as possessing academic abilities equivalent or	30 <sup>th</sup> Sep. 2019	31 <sup>st</sup> Mar. 2020

superior to ①, ② or ③ level, and as having academic capabilities equal to or exceeding those of an individual who has completed a Course in Medicine, Dentistry, Pharmacy or Veterinary Medicine		
* For the qualification ④, application documents must be submitted to Osaka University Graduate School of Medicine Campus Asia Office 3 months prior to the "Application Period" starts.		

**3. Application Process**

Applicants should hand deliver or mail (registered mail by Japan Post or EMS for those abroad) the following documents to the Graduate School of Medicine CAMPUS Asia Office (Address refer to 1. Admission Schedule). The documents submitted will not be returned.

#	Necessary Documents	Remarks
1	Application Form [FORM-1]	The Graduate School of Medicine appointed Application Form • Applicant photos taken within three months prior to the application attached to the prescribed form
2	Research Proposal [FORM-2]	The Graduate School of Medicine appointed Research Plan Form
3	TOEFL, IELTS, TOEIC Score	An original copy of one as follows: • TOEFL iBT: Examinee Score Report • IELTS academic module: Test Report Form • TOEIC Listening & Reading Test: Official Score Certificate ※ For 2019 October Admission Applicants, the English Test should be taken during 2017 May to 2019 April. ※ For 2020 April Admission Applicants, the English Test should be taken during 2017 September to 2019 August. ※ The scores of TOEFL ITP, IELTS General Training Module and TOEIC IP are invalid.
4	Certificate of Graduation (expected) Certificate of Completion	Certificate must be in English, issued by the president of schools attended • Individuals who have completed more than

(expected)	one undergraduate or graduate programs should submit certificates about each and every program. • Individuals who have completed graduate programs should submit certificates from both undergraduate and graduate program.
5	Academic Transcript Certificate must be in English, issued and sealed by the president of schools attended • Individuals who have completed more than one undergraduate or graduate programs should submit certificates about each and every program. • Individuals who have completed graduate programs should submit certificates from both undergraduate and graduate program.
6	Copy of Passport Applicants should submit a copy of one's own passport that shows one's name, nationality and photo

※ Please contact GAKUSEISHIEN-KAKARI (Student Support, Educational Affairs Section: i-kyomu-gakuseishien@office.osaka-u.ac.jp) you have any questions during application.

※ If the application documents contain any falsifications, admission may be revoked even after the student's admission.

※ Changes are not allowed to the application for admission after submission.

**4. Selection Method**

Successful applicants are selected on the basis of the materials submitted if necessary interview and the evaluation by the prospective supervisors.

**5. Announcement of Successful Candidates**

Successful applicants will receive acceptance letter along with documents relating to admission process through CAMPUS Asia Office by Osaka University School of Medicine.

If successful applicant does not finish the register procedure within a defined period of time which defined in documents relating to admission process, it results cancellation regardless of any reason.
