

Introduction To Global Health

Dates: 6, 13, 20, 27 November; 4 December 2021

Style: Online (Lecture/Zoom or Webex) style

Main distribution point : Osaka University Suita Campus

Language: English

Organized by the Department of Public Health, Graduate School of Medicine, Osaka University. This all-English course offers a unique opportunity to learn the concept, trend, and global health approach from 14 world-class experts from Osaka University Faculty, WHO, ministries, industry, academia, and NGO in Japan and abroad. Participants can gain practical knowledge and problem-solving skills to meet both local and global challenges. This year, future vision with/beyond COVID-19 pandemics and emerging new global health concept will be discussed, together with the ongoing issues of SDGs, Ageing, and NCDs.
